To the respondent:

The above named student has applied to the American Community Schools of Athens. To assist you in completing this form, the following is a brief description of the American Community Schools:

The American Community Schools of Athens is one of Greece's most distinguished English-speaking schools. It is a non-profit institution enrolling students who represent different nationalities. There are approximately 80 full-time faculty members. All instruction occurs in English. The school provides ESL support, and has an operational Optimal Match learning center for students with learning differences (e.g. dyslexia, dysgraphia, ADHD etc.).

The school offers all graduates an American high school diploma and is accredited by the Middle States Association of Colleges and Schools. The full International Baccalaureate Diploma Program for students in grades 11-12, is an added feature of the school. ACS is the first school in Greece to implement the IB Primary and Middle Years Programs in grades JK-10. Well over 90% of our graduates attend colleges and universities, many at highly selective schools in the United States, Canada, Europe and other countries.

The academic life of the three-school (Elementary, Middle and High) campus is complemented by extensive opportunities for participation in music, theater, forensics, athletics, and a variety of other social and cultural traditions.

Given the above description, you will understand why ACS Athens seeks self-motivated students who are strongly committed to learning and who are capable of taking advantage of the opportunities we offer. We will appreciate your highly candid appraisal of the applicant named above.
